

PERFORMANCE SERIES® LAN STATIONS/WORKBENCHES: 300 SERIES

AMERICAN
MADE 

The Kendall Howard Performance 300 Series® LAN Stations/Workbenches have a 28" deep lower shelf providing plenty of depth for storage under the work surface. Two 14" deep modular shelves form the lower shelf and together have a weight capacity of 500 lbs., making this LAN Station both strong and functional. The work surface height is fixed at 30". Another feature is the built-in cable management channel keeps network cables and power cords neat and organized. Its completely modular design makes it simple to create the perfect work station. Simply add the accessories needed to create the work station suitable for you. The Performance Series® LAN Stations/Workbenches are available in five stunning finishes: Folkstone, Hard Rock Maple, Caramel Apple, Serene Cherry, and African Mahogany.

FEATURES

Multi-Functional - The 300 Series LAN Stations/Workbenches are commonly used as technology benches, video editing stations, command consoles, security monitoring stations, and much more.

Various Sizes Available - We know areas, such as shipping stations, home offices, and technology centers, vary in size and need. That's why we offer the 300 series in four sizes (24"/48"/72"/96") so you can choose the LAN station suitable for you.

Optional Accessories - Available accessories include Accessory Bars, LCD Monitor Mounts, Power Strips, Keyboard Trays, Casters, and much more. The preset mounting holes under the work surface allow for one accessory every 24". Accessories that mount above the work surface easily attach to the accessory bar.
