

# Model: Dmac117SUT

1U Clamshell (1.75") 17" Samsung 1280x1024 (SXGA)  
Ultra Thin (For Touch).  
Design with a 20" Frame for Mac Applications.  
Good Cable Management.

## 1U Apple Monitor / Keyboard Drawer with optional DVI KVM

The Dmac117 Series is a high performance 1U LCD display drawer sporting 17" LCD Monitor. This monitor has a high contrast ratios and wide viewing angle with resolution at SXGA (1280X1024) The display is stowed flat above the keyboard and tilts up for use.

The Clam Shell design is held open with two 30 lbs heavy-duty Torque hinges with a maximum opening of 96 Degs from closed. Ball bearing slides are integrated along with mounting brackets to facilitate the installation in any standard 19" Rack enclosure. The drawer is held closed by two thumb screws.

The Dmac117 Series is configured with a Fully functional Mac Keyboard and Glyde Pad Pointer. (See the Integrated Keyboard Reference Guide Option K for more details)

The Dmac117 Series has been designed to allow for multiple back panel termination options including aRGB and DVI ports with optional integrated 4 port DVI KVM Switch (See Integrated Back / KVMS Reference Guide Option G-Back). This option includes speakers in the front face.

Standard Finish is White Glossy Powder Coated.
