## HIGH BRIGHTNESS TOUCH PANEL

Featuring a 12.1" 4:3 LCD panel boasting a 1024x768 resolution, this panel stands out with its 800 cd/m<sup>2</sup> high brightness, 900:1 contrast ratio, and 170° wide viewing angles. Its robust environmental specifications enable operation in both higher and lower temperature conditions. This versatility makes it ideal for a range of applications, including commercial public displays, outdoor advertising, and industrial operations.

## 75MM VESA FOLDING BRACKET

Equipped with a 75mm VESA folding bracket, this panel offers not only free retraction but also space-saving capabilities on desktops, walls, and roof mounts.

### HDMI+VGA Interfaces

This panel is compatible with both HDMI (supporting 4K at 30Hz) and VGA signals. The USB-loaded touch driver enables seamless touch operations on the screen.

### High Temperature Resistance

Featuring a special screen panel, this touch panel excels in environments up to 80°C, and its performance remains unaffected even during storage in high temperatures of up to 85°C.

### Wide Voltage Power

Built with high-quality components, it supports power supply voltages ranging from 12 to 24V, expanding its usability across various locations.
