

SELF-ORDERING & DRIVE-THRU QSR KIOSK

32" Outdoor Tough, User-Friendly Kiosk for any Drive-Thru brand with sunlight-viewable lcd screen and advanced multi-touch higher clarity touchscreen

ODK3200TP Series

TOUGH, USER-FRIENDLY KIOSK FOR ANY DRIVE-THRU BRAND

Drive-Thru orders are the lifeblood of QSRs across the country. Now comes the ODK3200TP to improve speed, accuracy and ROI.

With 70 percent of QSR sales coming from the Drive-Thru window, speed, accuracy and up-sells are key to staying in the black.

BRINGING EXCELLENCE TO THE GUEST EXPERIENCE

- Fast food
- Coffee shops
- Prescription pickup

FAST, ACCURATE AND OUR MOST EFFICIENT DRIVE-THRU KIOSK EVER.

Our new drive-thru kiosk is named for the city known for cars, American ingenuity and grit. The ODK3200TP brings those elements together like no other unit on the market. It features substantial engineering advances while costing as much as 30 percent less than its predecessor.

Users will be able to see the 32" viewable monitor with higher clarity even in direct full sunlight. The advanced multi-touch touchscreen cuts down on "fat-fingering," providing a simpler, more accurate user experience. The unit is protected by an efficient, low-voltage advanced cooling system; automotive-style door gaskets; a high temperature industrial computer system; and tough, outdoor-rated compression security locks.

With multiple graphics and branding options, the ODK3200TP also can be deployed freestanding or mounted on a column, post or wall, all with optional EMV compliant card-reading capability.

The ODK3200TP gets the order right, gets it faster and can be programmed to always ask for the up-sell. How's that for special sauce?

COLOR AND GRAPHIC OPTIONS
